

The Bless the Water Activation

The Divine Activation is very simple, but very precise. Please follow the instructions carefully.

Begin by pouring water from the river or body of water into a container and then pouring in the Sacred Healing Water.

Say the following ancient Hebrew Invocation aloud three times:

**KADOSH, KADOSH, KADOSH
ADONAI SEBAYOTH**

**HOLY, HOLY, HOLY
IS THE LORD GOD OF HOSTS**
(repeat 3 times)

This invocation is used to invoke the full-gathered momentum and power of our Omniscient, Omnipotent, Omnipresent Father-Mother God - All That Is.

The Sacred Geometry of the following mathematical formula expresses Humanity's Transfiguration from:

The fallen human ego: 666
into the Solar Christ Presence: 999
into the Mighty I AM Presence 12 12 12

Say the following mathematical formula aloud one time:

6-6-6
9-9-9
12-12-12

Hold the water between your two hands and visualise two blazing Pyramids of Light.

One is forming in my Third Eye Chakra,
And the other is forming in my Heart Chakra.

As I observe the Pyramids in my mind's eye, they begin to slowly spin, projecting forth concentric circles of Light through my heart, head and hands. The multifaceted Aspects of Deity within each Pyramid blaze through my heart, head and hands into the water, transforming it into Sacred Healing Water.

As this occurs, I AM lifted into a blissful state of GRATITUDE, and I AM enfolded in the embrace of God's complete ACCEPTANCE, FORGIVENESS, LOVE AND TRUTH.

Within the embrace of my Father-Mother God's Divine Balance, I project my Divine Intentions into the water at this location. I consciously program into the intelligence of this water the Ascension codes for Gaia and all her inhabitants, including Humanity.

I invoke the Beings of Light from the Realms of Illumined Truth:

In the Name of Almighty Presence of God, I AM, and through the full power of God blazing in every Heart Flame, I invoke into the forcefield of Humanity's Unified Cup of Transfiguration the Twelve Solar Elohim and the Directors of the Five Elements: Earth, Air, Fire, Water, and Ether.

Blessed Beings of Light, come forth now, and project into this Sacred Healing Water, through my HEART; HEAD and HANDS, the most intensified activity of Healing and Transfiguration allowed on Earth at this moment by Cosmic Law.

Charge, Charge, Charge every molecule of this Sacred Healing Water with the Divine Blueprint of Heaven on Earth. (pause)

Charge, Charge, Charge every molecule of this Sacred Healing Water with the Immaculate Concept of my physical, etheric, mental and emotional bodies. (pause)

Permanently SEAL this Divine Light in the Core of Purity pulsating in every electron of this Sacred Blend of Healing Water. (pause)

Expand the power and effectiveness of this Divine Activation the maximum that Cosmic Law will allow daily and hourly, moment by moment, with every breath I take. I accept that this Divine Activation has been victoriously accomplished with God's Full Power.

It is done! And so it is, Beloved I AM.

The water will be passed around each person in the group for individual intentions to be added to the water. After the intentions have been added, the water will be poured back into the river or body of water.
